

My vision is clear: every member, irrespective of their earnings in the industry, their IMDb ranking, or their agent's presence, should feel valued. I'm here to stand with you, to lend my voice when yours feels unheard or unvalued within our Union. I'm here for you, especially if you've ever hesitated to speak out or you've ever thought, "What's the point?" .
You are the point. This is our Union.

I've been a Union member since 1995, thanks to my stint as Dumpty on the award-winning "Polka Dot Shorts" series on TVOntario. From a recurring principal performer to stand-in, background and everything in between, like many of you I've ridden the rollercoaster of the film & TV biz and have experienced the many struggles that are too often overlooked. I have experience with boards of directors, and have been a project manager and executive director in Canada. I have the knowledge, grit and skills to bring your concerns and input to the Union.

Let's make this industry a fairer, better place – together.
